

See New Life.

**2018
ANNUAL
UPDATE**

AFRICA NEW LIFE

AT AFRICA NEW LIFE,

We dream of a Rwanda where every child is educated and free to pursue their dreams.

We dream of a Rwanda where every child knows Christ and experiences the freedom and hope of His love.

We dream of a Rwanda where every child has a full stomach, a healthy body, and a thriving community.

We dream of a real world in which poverty can be beaten and children released from its vicious cycle.

We dream of a nation transformed as its children grow up to welcome its brighter future.

LET EVERY CHILD DREAM

Dear Friends,

As I've walked around each of our communities, I've been astounded at the work God continues to do in Rwanda. We have seen so many children's lives transformed through the gospel of Jesus Christ, churches filled with worshippers on Sunday morning, college classrooms filled with passionate Christian leaders and pastors, gardens overflowing with greens that help our students become healthy, and schools filled with children sponsored by Africa New Life. Some of you have seen these things in person as you sat in the home of your sponsored child, laughed and smiled with our Dream Kids, or worshipped with us at New Life Bible Church. Many more of you have never had the chance to come see all this in person. I hope this update gives all of you the opportunity to see the new life in Rwanda that I am privileged to see every day.

As you look through the photographs in this annual update, we hope you see how God has moved through your partnership to produce a beautiful work in Rwanda. From all of us at Africa New Life, thank you for the part you play. We hope the impact of your journey with us will stretch far beyond the borders of Rwanda, to your heart, your family, and your community.

2017 FINANCIALS

Expenses exceeded revenues in FY 2017 by \$229,088. This is primarily due to paying out fund balances that had been collected in the prior year for projects such as the Dream Medical Center and the Science Lab at New Life Academy. For further financial details, visit www.africanewlife.org/impact

576 students, pastors, and ministry leaders are currently enrolled at Africa College of Theology.

More than 34,000 student encounters with the gospel have taken place over the past year.

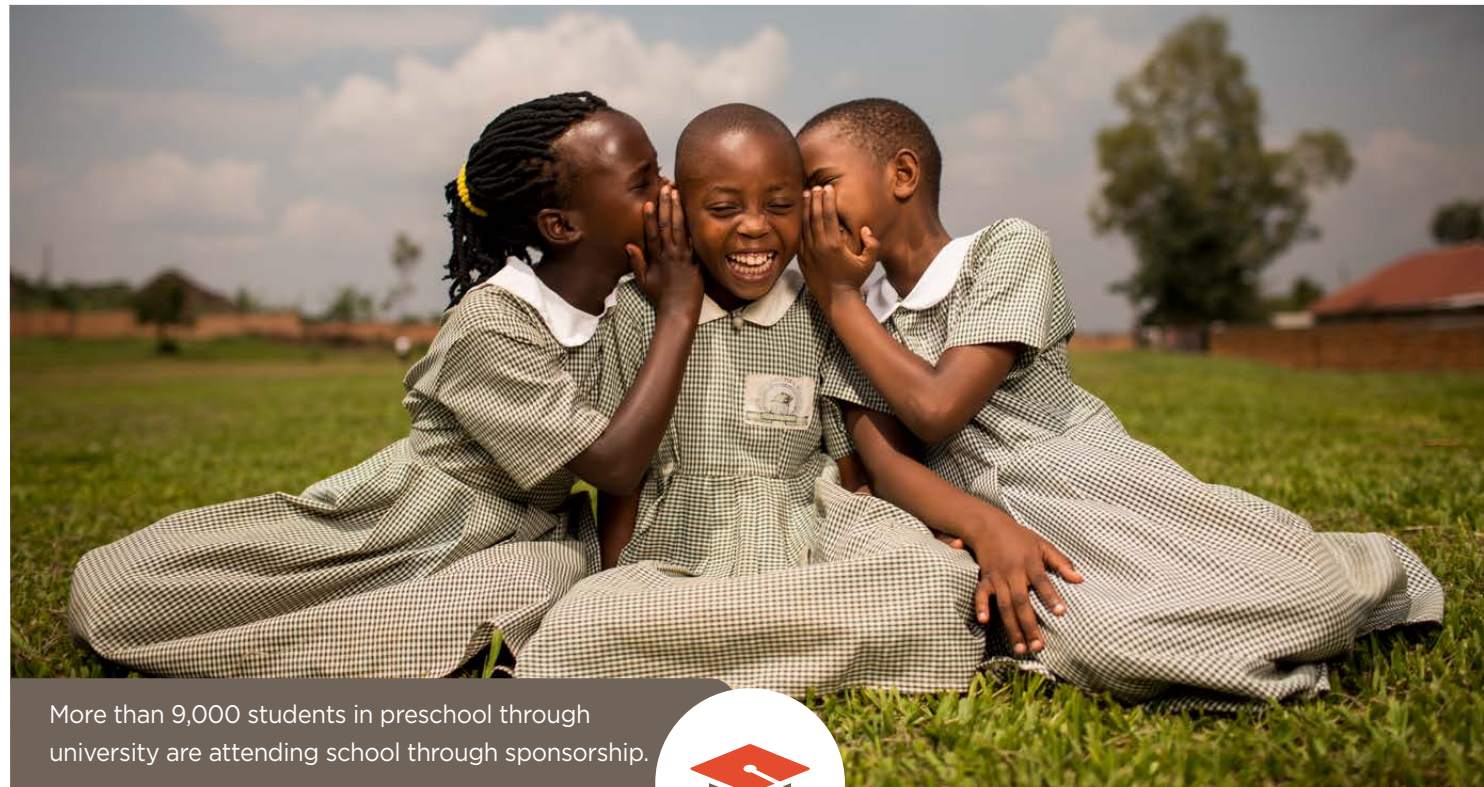

Eight New Life Bible Churches are impacting thousands of people each week.

Nurses in five communities and an emergency medical fund help make sure students get the care they need.

Children have been cared for through more than 7,300 health visits over the past year.

More than 9,000 students in preschool through university are attending school through sponsorship.

More than 2.5 million meals have been provided to children and families over the past year.

Construction has been completed on the Dream Medical Center with plans for a May 2018 opening.

More than 270 students are attending university and post-secondary vocational school.

Seven schools are managed by Africa New Life around Rwanda.

Three large school gardens and more than 800 family gardens are feeding students and families.

88 women received vocational training while 30 of their children were cared for at the New Life Family Center last year.
