

AFRICA NEW LIFE

**LET
EVERY
CHILD
DREAM[®]**

AFRICA NEW LIFE MINISTRIES
EXISTS TO TRANSFORM
LIVES AND COMMUNITIES
THROUGH **PROCLAIMING**
THE GOOD NEWS OF
JESUS CHRIST AND
ACTS OF COMPASSION.

A photograph of two young children, likely of African descent, smiling warmly. The child in the foreground is a young girl with a bright orange and white striped shawl draped over her shoulders, looking directly at the camera with a wide smile. Behind her, another child is partially visible, also smiling. The background is bright and slightly out of focus, suggesting an outdoor setting with a building and some greenery under a clear sky. The overall mood is positive and hopeful.

THANK YOU

for your interest in Africa New Life Ministries. Since 2001, Africa New Life has provided education and vocational training, medical care, Christian discipleship, and basic provisions for children and families in need in Rwanda. Our desire is to see every child and adult in Rwanda complete their education and to know the hope found in Christ. As our mission statement says, our work in Rwanda is twofold: proclaiming the good news of Jesus Christ and acts of compassion.

WHERE WE WORK

WHAT WE DO

serving the population
of Kigali and beyond

9

New Life Bible
Churches are providing
foundations for faith

500+
staff are
East African

4.8 MILLION

meals were provided through regular
and crisis relief programs last year

11,000

sponsored students
being educated

122
women
& children

were supported
through Kigali
women's
development
programs

700+ STUDENTS
and pastors benefitting
from Africa College of
Theology training

625+

post-secondary students are
currently receiving support
to attend university or a
vocational equivalent

OUR TRANSFORMATIONAL MODEL

While educational sponsorship is central to our ministry, we recognize that young people also need other key factors to succeed: a growing faith, a developing community, and a healthy body.

Educational Sponsorship

Education is the centerpiece of our mission. Educational sponsorship changes the lives of students and the lives of sponsors who support them.

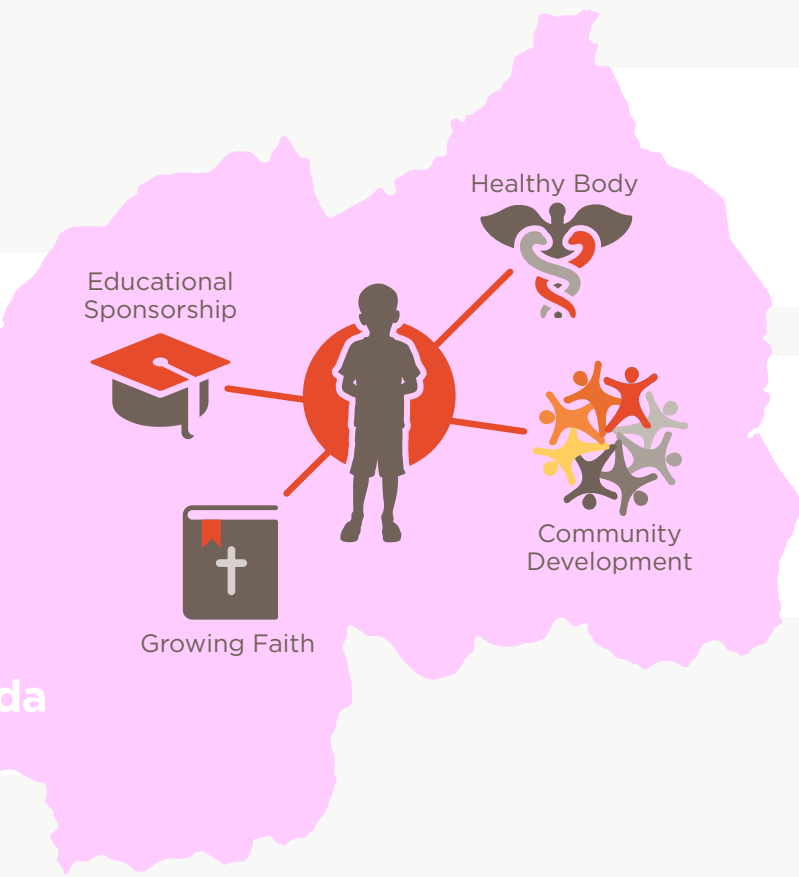

Read more on page 8.

Growing Faith

A vibrant faith is the key to hope and to true transformation of individuals and families. God is working powerfully in the hearts of people throughout Rwanda.

Rwanda

Healthy Body

For young people to grow and thrive, a healthy body is essential. Africa New Life strives to provide vital health services through its community nurses, medical center, and Special Medical Fund. **Read more on page 11.**

Community Development

Vital communities are self-sufficient, with the resources they need to thrive. We work hard toward the development of our communities by providing consistent nutrition for students, clean drinking water, sustainable gardens, economic empowerment opportunities for women, and more. **Read more on page 10.**

STUDENT SPONSORSHIP

Nearly 550 sponsored students each year graduate with a high school degree or the equivalent.

Every year, 50 of the **most vulnerable** children in Kigali receive tutoring, meals, and discipleship.

More than 625 university and post-secondary vocational students are receiving support toward their degrees.

GROWING FAITH

Nine **New Life Bible Churches** and their biblically-trained pastors minister in our communities.

Africa College of Theology provides theological training to more than 700 students and ministry leaders.

Monthly Center Days and Christian Camps give children the opportunity to grow in Jesus' love.

COMMUNITY DEVELOPMENT

We provide more than **1,500,000 meals** to students and families through our programs each year, and distributed millions more through emergency relief efforts.

We offer **economic empowerment programs** for women experiencing the cycle of poverty, including vocational training and savings groups.

We help build clean, safe **water sources** and **family and community gardens**; community members learn about sustainable nutrition and farming.

HEALTHY BODY

Nurses in each community provide medical assistance for sponsored students, and thousands of people are seen by visiting medical teams from the U.S. each year.

The Dream Medical Center Hospital provides full service medical and dental care to the people of Kigali and beyond.

“

Education expands the horizons of
the poor. It frees them to dream.
