DEAR FRIENDS,

From all of us at Africa New Life, thank you for your role as a sponsor in a student’s educational and spiritual journey! Let’s watch as God moves through our partnership to produce a beautiful work in Rwanda. We hope the impact of our journey together stretches far beyond the borders of Rwanda, to your heart, your family, and your community.

Dr. Charles Mugisha

Africa New Life Ministries

YOUR AFRICA NEW LIFE ACCOUNT
To access your Africa New Life account, visit www.africanewlife.org/myaccount.

Your Africa New Life account allows you to:
• Manage your contact and financial information
• Set up automatic donations
• Write to your sponsored student using our Online Letter Writing feature
• Order a gift for your sponsored student
• Make a one-time donation or sponsor another student

If you have any questions, you’re welcome to contact us at students@africanewlife.org, 503.906.1590 or 866.979.0393 (toll free). Our U.S. office is located in Portland, OR and our hours are Monday-Thursday, 8:30am-5pm; Friday, 8:30am-12pm (Pacific).
WHERE IN RWANDA

Your sponsored student and their family live in Kigali.

Kigali is the capital of Rwanda and it is centrally located within the country. The city's population is approximately 1 million. Most of the families in our program live in small mud or concrete houses, but have few possessions. Unemployment is high in Kigali, and many parents struggle to find consistent work. Due to material poverty, families often move frequently within the city.

Africa New Life Ministries’ headquarters is located in Kigali on the Dream Center campus, which also houses New Life Bible Church (established in 2004), Africa College of Theology, and the Dream Medical Center.

Africa New Life began serving alongside the Kigali community in 2003. Sponsored students in Kigali attend various schools throughout the city. By coming alongside your sponsored student and their family, you are helping to transform an entire community through sponsorship and prayer.

ABOUT RWANDA

The Republic of Rwanda is fondly referred to as “The Land of a Thousand Hills” by its citizens. With a variety of landscapes, Rwanda is lush from the western mountains to the eastern savannah. Situated just south of the equator in East Africa, Rwanda has a temperate climate with two rainy seasons.

In the heart of Africa, Rwanda is landlocked by its four neighboring countries: Uganda, Tanzania, Democratic Republic of the Congo, and Burundi. The capital city is Kigali, which is centrally located. While Rwanda’s land mass is roughly the size of Massachusetts, Rwanda’s population is among the densest in Africa at almost 12 million. Rwanda has four official languages: Kinyarwanda, French, English, and Swahili.

Rwanda has faced complex challenges in its history. Prior to the 20th century, Rwanda was a unified nation under their king before being crippled by European colonization. Tension among Rwandans led to a series of violent events beginning in 1959, when Hutus killed over 20,000 Tutsis. While Rwanda regained its independence from colonial powers in 1962, violence and oppression continued after the Hutu majority took control over the government. Thousands of Tutsis were displaced until the 1990s when the Rwandan government facilitated a genocide against Tutsis and Hutu moderates in 1994. Approximately one million people were killed in just three months before the Rwandan Patriotic Front captured Kigali and began restoring order.

The military commander of the Rwandan Patriotic Front, Paul Kagame, continues to lead in rebuilding the nation as president of Rwanda. When the new constitution was passed in 2003, it required that 30% of parliamentary seats be filled by women. Rwanda currently models the greatest representation of women in parliament at 61%. Today, Rwanda’s future is promising and...
bright due to its unified and humble leadership. Rwanda has one of the fastest growing economies in Africa with a real growth rate of 8.6% in 2018. Approximately 75% of the labor force works in the agricultural sector, and agriculture comprises nearly 31% of the GDP in Rwanda.

Even though the people of Rwanda experienced horrific violence in the 20th century, they have provided the world with an example of resilience, grace, and continued healing. Rwanda is among the safest countries in Africa due to restored peace and security. Genocide memorials in Rwanda exist to remember the tragedy, honor the dead, and aim to educate society in order to prevent another occurrence in the future.

While we believe it’s important to know and understand the history of Rwanda, we ask that you do not discuss the Rwandan genocide with the student you sponsor.

ABOUT AFRICA NEW LIFE

Africa New Life was founded by Rwandans in 2001 and is still run by Rwandans today. More than 300 Rwandan and East African staff serve to educate children, pastor families spiritually, enable access to medical care for sponsored students, and promote growth of the ministry in Rwanda.

Africa New Life in the U.S. exists to support the work in Rwanda in the areas of sponsorship, development, team trips, financial accountability, and church/strategic partnerships.

Learn more about Africa New Life and our programs by visiting www.africanewlife.org.

93% of Africa New Life’s staff are Rwandan or East African locals.
SPONSORSHIP COVERS

Sponsorship helps families by assisting them with school fees, which allows them to pay for other expenses. Sponsored students receive a school uniform and scholastic materials. They are encouraged to attend monthly Center Days, where they enjoy a meal, play games, and hear about Christ, as well as an annual Christian camp. Sponsorship additionally covers basic medical needs that fall outside of government-sponsored insurance, so sponsored students have a greater access to health care. By coming alongside a student and their family through sponsorship and prayer, you help transform lives in an entire community.

SPONSORSHIP MODEL

Our core sponsorship model is one sponsor per child for students in pre-school through Senior 3 (9th grade). We have a co-sponsorship model for students in Senior 4 through our Dream Leadership Academy due to higher secondary education costs. This additional support enables students to finish their education well.

For more information, visit www.africanewlife.org/promises.
RWANDAN CULTURE

NAMES
Names in Rwanda are more fluid than in the U.S. While we share a last name with our family, Rwandans traditionally do not. The first name listed is typically a Kinyarwanda name, and the second name listed is typically an Anglo or Francophone name. Your sponsored student may answer to either name. You’ll often hear the U.S. staff refer to students using the second name listed since it is usually easier for us to pronounce. Next time you write a letter to your sponsored student, you’re welcome to ask them by which name they prefer you to address them.

LANGUAGE
English is one of Rwanda’s official languages, but it may be the second or third language your sponsored student learns. Students are first instructed in Kinyarwanda at school and then switch to English instruction in Primary 4. Depending on the grade level and ability of your sponsored student, a translator may assist them in letter writing.

LETTERS
Letters are the way you will build a relationship with your sponsored student. While nearly every town in the U.S. has a post office, that is not the case in Rwanda. Since Rwanda isn’t a letter writing culture, this is a new skill your sponsored student will be learning. Our team in Rwanda assists students in our program in developing this skill.
EDUCATION IN RWANDA

SCHOOL YEAR
The academic year in Rwanda coincides with the calendar year. It is organized into three terms with breaks in between. Most universities begin their academic year in September.

LANGUAGE OF INSTRUCTION
Students are first instructed in Kinyarwanda at school and then switch to English in Primary 4. For most sponsored students, English is not spoken in their homes and is often the second or third they’ve learned.

SECONDARY SCHOOL
Secondary school in Rwanda is broken into two levels. Ordinary Level (O-Level) includes classes Senior 1-Senior 3, and Advanced Level (A-Level) includes classes Senior 4-Senior 6. O-Level is roughly equivalent to middle school, and A-Level is similar to high school. Students take national exams at the end of Senior 3 and Senior 6.

NATIONAL EXAMS
Students must pass a series of major national exams in order to progress from primary school to secondary school at the end of Primary 6, from secondary O-Level to A-Level at the end of Senior 3, and then pass an additional set of exams to graduate from Senior 6. Students don’t learn their final A-Level exam scores for several months after graduation.
SCHOOL SELECTION

School selection is based on testing during the final year at each level (Primary 6, Senior 3, Senior 6). The Rwandan government places students in specific schools, keeping distance into account.

Primary school usually involves half days and students live at home.

Secondary school usually involves full days and the majority of students live on boarding school campuses.

37% of students in our sponsorship program attend schools managed by Africa New Life.

ACADEMIC PERFORMANCE
The grading system in Rwanda is different than in the U.S. Students are assessed in each class and then given one grade percentage that averages their performance across all subjects. Average performance is indicated by a score of 50%, while good performance is indicated by scores above 60%. Students are also ranked in comparison to others within their cohort or class. They may elect to share their percent average or class rank in letters to their sponsors.

Students must perform well academically to advance to the next grade level at the end of each year. It is common for students to repeat a grade level, especially during their primary school years or when they move to a different school.

GAP YEAR
After completing Senior 6, sponsored students have a “gap year” as they wait several months to learn their national exam results. From late January through August, these students attend our Dream Leadership Academy (DLEAD), where they receive weekly training in leadership, entrepreneurship, discipleship, biblical literacy, resume writing, and communication skills. This training helps prepare them for life after secondary school.

ONLY 4% of youth ages 15-24 in Rwanda have completed or surpassed a secondary school education.

POST-SECONDARY EDUCATION
Based on national exam results, students may qualify for either a university or post-secondary vocational program. University programs in Rwanda typically last 3-4 years depending on the school and degree; programs in the science disciplines (such as medicine, pharmacy and engineering) generally take longer to complete. Vocational programs typically last 1-2 years and students graduate with a diploma or certificate in a specific field such as business management, construction, food production, or information and communication technology.

For more information about education in Rwanda, visit www.africanewlife.org/education.
WRITING TO YOUR SPONSORED STUDENT

Once you receive a first letter from your sponsored student, you are welcome to write up to four times a year, and you’ll receive reply letters within 8-12 weeks by mail. Your sponsored student will initiate communication with you once a year in the form of an annual letter in August. Students are so encouraged when they receive letters from their sponsors!

There are two simple ways to send a letter to your sponsored student:

1. WRITE ONLINE
Write a letter to your sponsored student using our Online Letter Writing feature. You will need to log into your Africa New Life account to use this feature.

Please note: If you sponsor a student, you already have an Africa New Life account, even if you’ve never accessed it. If you need login assistance, email (students@africanewlife.org) or call (866.979.0393).

2. MAIL A LETTER
Write a letter to your sponsored student and mail it through the postal system. You will send your letters directly to Rwanda. Please use this exact format when addressing your envelope:

**STUDENT NAME, CHILD REF**
(e.g. SHYAKA FRED, KGL02090)
AFRICA NEW LIFE MINISTRIES
PO BOX 3351
KIGALI
RWANDA (must be capitalized on separate line)

Please use our Africa New Life office address (7405 SW Tech Center Dr #144, Portland, OR 97223) or your church’s address as the return address, NOT your home address.

Whichever method above you choose, your letters will be enthusiastically received in Rwanda by your sponsored student! Take a look at the infographic on the next page to better understand the process.

COMMUNICATION POLICIES

Sponsors and students are not allowed to communicate outside of letter writing through Africa New Life. Social media, phone, and email communication are strictly prohibited to protect both students and sponsors from inappropriate or confusing situations. Thank you for abiding by our policy.

Do not send money to your sponsored student. Africa New Life does not give money directly to your sponsored student’s family, nor can we exchange money sent in letters to your sponsored student in Rwanda. This is due to a Rwandan government request and logistical challenges. Donations sent to the U.S. office for a gift for a sponsored student will be designated to items available online that best correspond with the amount given (unless an order form is included). Checks or cash sent in letters to Rwanda will be returned to the sponsor.

WHAT SHOULD I WRITE?

**DO:**
- Talk about your family and daily life. Be sure to include a photo of your family.
- Keep it brief! Your sponsored student is still learning English.
- Ask questions about their life. Encourage them in their studies, character, and faith.

**DON’T:**
- Ask about their ethnicity, the Rwandan genocide, or politics.
- Communicate anything which may be construed as a promise (e.g., hope to meet one day, wish they could see the U.S., etc.).
- Share personal contact information or communicate outside of letter writing through Africa New Life.

For more ideas, visit: www.africanewlife.org/writingtips.

HOW MUCH IS POSTAGE?

Please visit your local post office for the current international postage rate. Postage will vary due to the weight and size of your envelope.
1. Write your sponsored student online, or write a physical letter.
2. Your letter goes to our staff in Rwanda, either through our database system or by the postal service.
3. Your letter arrives at our headquarters, and is printed if written online. Then, it travels out weekly to your student’s community.
4. Your letter is hand-delivered to your sponsored student during their monthly Center Day. (If your letter arrives after the month’s Center Day, the letter will be held and delivered the next month.)
5. During Center Day, our staff helps your student read your letter and write a response.
6. Your student’s reply is mailed to our U.S. office for tracking and review.
7. Within 10 days, your student’s reply is mailed to you!
GIFTS

Sponsorship and prayer already bring hope and joy to students. When students receive gifts through the Online Store, it adds to their understanding that they are thought of and cared for, and provides a good reminder of God’s provision in their families’ lives! We will remind you about your sponsored student’s birthday and Christmas in case you would like to order a gift.

The Online Store ([www.africanewlife.org/gifts](http://www.africanewlife.org/gifts)) is the best way to give a gift to the student you sponsor. It is cost effective, the orders are tracked, and delivery is guaranteed. The Online Store also bolsters the Rwandan economy since all gifts are purchased locally. These items are carefully selected by our colleagues in Rwanda to help meet the needs of students and their families in our program.

Food is always a significant need for families in our program and is our top gift recommendation. If you choose to order Food for a Month, please do not order any additional food items. Food can spoil before the family has time to eat it all! You can, however, order any combination of the other food items listed. Please note that you may only order Food for a Month twice per year. For more gift ideas, visit [www.africanewlife.org/giftideas](http://www.africanewlife.org/giftideas).

Gifts will be given to your sponsored student within approximately a month of the date you place your order. Please note that this process is often longer for students in Senior 1 through Senior 6, since many secondary students attend boarding schools. If you prefer to process a gift order over the phone, please call 866.979.0393 for assistance.

**ONLINE STORE**

To order a gift for your sponsored student, follow these easy steps:

1. Select GIFT FOR STUDENT on the top of the africanewlife.org home page.
2. Log into your AFRICA NEW LIFE account.
3. Select the gift(s) you want to order.
4. Check out.

*Some items are not available depending on where a student lives or may have annual quantity restrictions in order to protect sponsored students and their families from becoming dependent on their sponsors.

**HOW DO I KNOW MY GIFT HAS BEEN RECEIVED?**

You will receive a photo and thank you letter from your sponsored student within 12 weeks after ordering a gift. For gifts ordered during the Christmas season (October 15-December 31), you will receive a photo via email the following March.
FREQUENTLY ASKED QUESTIONS

DO MY SPONSORSHIP DONATIONS GO DIRECTLY TO MY SPONSORED STUDENT AND THEIR FAMILY?
Your sponsored student directly benefits from your sponsorship. However, we do not directly distribute money to students or their families because there is no guarantee that the money would be spent on the students’ education. Instead, your sponsorship donations are placed into a community pool. School fees are paid directly to the school for all sponsored students in our program. From this pool, your sponsored student also receives a school uniform, school supplies, medical assistance, and attends special programs. Sponsored students know their sponsors by name and annually write at least one letter to them.

HOW DOES THE STAFF OF AFRICA NEW LIFE IN RWANDA WORK WITH THE U.S. STAFF?
Africa New Life staff in Rwanda and in the United States have a close working relationship. We communicate regularly and staff from each country visit the other routinely. The U.S. office exists to raise funds and generate engagement and enthusiasm by supporting donors and sponsors well in the United States, in order to fund and promote the ministries of the staff in Rwanda.

Visit www.africanewlife.org/staff to learn more about our team.

CAN I VISIT MY SPONSORED STUDENT AND THEIR FAMILY IN RWANDA?
Yes! You can join one of the many team trips to Rwanda throughout the year. Email missions@africanewlife.org to express your interest in going to Rwanda. Depending on the time of year, trips to Rwanda can cost between $3,600-$4,400 per person for an eight-day trip.

WHEN DOES MY SPONSORED STUDENT AGE OUT OF THE PROGRAM?
We desire for every student in our program to complete secondary school regardless of their age. Students finish the program upon successful completion of Senior 6, or the vocational equivalent, and our Dream Leadership Academy.

WHAT IS AFRICA NEW LIFE’S PREFERRED GIVING METHOD FOR SPONSORSHIP DONATIONS?
Our preferred giving method is through automatic donations from your checking account (EFT/ACH) since it requires the lowest processing costs. Log into your Africa New Life account or contact us if you would like to update your pledge.
